

# My Compass

What are my “highest values” that I want/need my job/work to be aligned with?

What kind of work or tasks give me a sense of meaning?

My highest work priorities: What elements do I need (or need to avoid) in a job in order to be happy? (Kind of work, schedule, people, security, what makes it meaningful, etc.?)

What I love/am good at, and where I thrive (professionally):

What I don't love/am not so good at, and where I don't thrive (professionally):
